Dear Mr Clark,

Re: Tunbridge Wells store

Thank you for your letter dated 8th August. We wanted to reply to you swiftly as I appreciate there is strong feeling about this site in the town. I am therefore replying in Dalton's absence.

I can assure you that as a board we are looking at all options for this site. In the long term we want to do the right thing for Tunbridge Wells, and we agree that leaving the site as it stands is not a long term solution.

It may however take a little more time to resolve as we try to find a way through the complications which relate specifically to this site.

We do hope to have a suitable update to share with you in the coming few weeks. Please remain assured of our commitment to finding a way forward.

*Yours sincerely
Marty Jones*
